Dear General:

STATOTHR

One of the Japanese born veterans of OSS,  
[REDACTED] has just become unemployed through no fault  
of his own.

I know that you have always been interested in the affairs of the Organization's graduates and feel that perhaps you may be able to direct him to a possible source of employment. With this in mind I had him prepare a resume and enclose three copies thereof. More are available if you deem it necessary.

I believe that Ken's needs would be met if temporary employment for, say, three months might be obtained for him. He needs from \$75 to \$100 a week to carry the cost of maintaining himself and his family.

I have known Ken since 1946 and like him very much. I have met his wife, know some of his friends, and am willing unhesitatingly to recommend him to any person who might be interested in employing him.

I will be glad to furnish any further information that may be requested.

Sincerely yours,

sd/ Dick Greenlee
